Matriculation in Computer Science
Board of Secondary Education Karachi • Karachi | Pakistan • GPA: A   Aug 2020 - Aug 2022

PROJECTS

Fashion Store   Feb 2025 - Jun 2025
Fashion Store E-commerce Website

Tech Stack: MERN (MongoDB, Express.js, React, Node.js), Tailwind CSS

• Developed a fully functional e-commerce web application for a fashion store, featuring categories like jewelry, men's watches, and women's watches.

• Designed and implemented user-friendly UI with responsive layouts using React and Tailwind CSS

• Integrated product filters, discount banners, and dynamic carousels to enhance user shopping experience.

• Built admin dashboard for managing products, viewing orders, and applying sales discounts through a separate discount model.

• Stored product and order data efficiently using MongoDB, with user authentication.
